About me

My name is Mateo Ledesma, I'm 22, I have been a Full Stack Developer since 2019 and I started learning to program on my own in 2015. I currently work full time as a Front End Developer, using JavaScript, React and Next.js. Additionally, I'm interested in expanding my skills and working as a Back End Developer in the future, using languages like Go and C#.

Experience

- Frontend Developer at [GreenFlame](#) (jul. 2022 - now)
- Freelance Developer (2020 - 2021)

Skills

- JavaScript
